

To our valued guests,

We are extremely thankful and blessed to have been a part of this community for the past 12 years! It has truly been our privilege and honor. With your love and support, we will continue to do our best to serve you during this challenging time.

Amid the COVID-19 pandemic, we want to assure you that the health and safety of our guests and team members will continue to be our highest priority.

As we navigate through this difficult and evolving situation, we are committed to taking every precaution to provide a safe and sanitary environment for our guests and team members. We kindly ask for your patience as we, from time to time, may make necessary adjustments to our daily operation (e.g. hours of operation, menu availability, etc.).

In our effort to combat the spread of COVID-19 and protect your safety, we have implemented the following measures at our business:

- Increasing sanitation and disinfecting of high-touch surfaces
- Providing hand sanitizers throughout the restaurant
- Increasing awareness of hygiene and proper handwashing
- Limiting seating in the dining room to allow for social distancing
- Offering call-ahead take-outs and curbside pickup for reduced contact

We are actively monitoring official guidance from the Center for Disease Control (CDC) and the Tennessee Department of Health. We will continue to update the steps we take to keep Wild Ginger a safe place to enjoy a good time!

If you prefer to take your favorite dishes home, please call us at 615-778-0081 for your takeout needs. We will offer 15% off on all pick up orders from now until April 30.

We greatly appreciate your support and we look forward to serving you soon!

Wild Ginger Management
